# LETTER FROM THE CEO

The Viva Foundation specialises in developing and presenting programmes, projects and initiatives aimed at addressing risks and socio-economic challenges faced by vulnerable and under-privileged members of the South African society including children, women, youth, unemployed and the disadvantaged.

We made big and bold changes, registered the school as its own NPC and saw both school and foundation experience great growth. The 24-25 Fin Year set the stage for tremendous growth in 25-26 and we can humbly but confidently say: We are on the right track!

Meleney B. Kriel
